MESSAGEmanager 2007-R2 upgrade is available in the UK from ICON

St Albans, UK, 14 January 2008: ICON the UK distributor of MESSAGEmanager confirmed today that the latest version of MESSAGEmanager is now available and that subscribers to its MESSAGEmanager software subscription programme are entitled to receive a copy of MESSAGEmanager 2007-R2 free of charge.

The MESSAGEmanager 2007-R2 upgrade is the latest version to be shipped from MESSAGEmanager solutions and supports Exchange 2007.

For a limited period ICON is offering to install this upgrade for its software subscription customers and provide them with a health check consultancy day for their MESSAGEmanager system at a saving of 20% on its normal rates.

MESSAGEmanager integrates a firms separate communications applications into its existing business software to provide a cost effective, unified, and managed messaging capability. It adds in-bound and out-bound Fax, SMS and TELEX services to business applications. It scales from meeting the communication needs of a small business or department to the providing the diverse requirements of an enterprise-wide solution.
